

At Morgan Web Solutions, I provide secure U.S.-based hosting, daily backups, and regular updates for every client site. Whether you prefer to manage your own content or want me to handle the details, you'll find a support plan that fits your needs. Each plan also includes WordPress instruction so you can confidently DIY your site if you wish.

FEATURE	PERFORMANCE PLAN	PREMIUM PLAN
<b>Hosting &amp; Security</b>	Secure U.S.-based hosting; daily backups & updates (M-F)	Same as Performance, plus proactive monitoring
<b>Support</b>	Email/phone (Mon-Fri, 9-5)	Priority response, usually within 1 business day
<b>Content Edits</b>	Client manages (DIY with training)	Minor content edits
<b>Reports</b>	None (DIY clients may use built-in plugins if desired)	Quarterly "Website Health Snapshot" PDF (uptime, updates, backups, security)
<b>WordPress Training</b>	One onboarding session, written tutorials as needed	Ongoing training & additional guidance on request
<b>Best For...</b>	Owners who prefer to manage their own site	Businesses that prefer peace of mind, reports, and occasional hands-on help
<b>Pricing</b>	\$250/year or \$75/quarter	\$450/year or \$135/quarter

## Notes

- All plans include secure hosting, SSL certificate, daily backups, updates, and WordPress instruction.
- Prices are effective as of October 2025 and subject to change with notice.
